As a Shareholder/Owner of Record in the Wigwam Mutual Water Company (Company), I request that my monthly water bill from Company be sent to the Property Manager (Manager) stated below and that a duplicated water bill be sent to the Renter (Renter) of the property (Property), provided that the Renter has filled out, executed a Customer Sign Up Form, and sent it to the Company at P.O. Box 569, Fountain, Colorado 80817. The Manager's information may be filled in where the Shareholder/Owner information is required as long as they have the term "Property Manager" after their name. The water bill will be sent to both the Manager and Renter for purposes of convenience and to assist me in the reimbursement from the Renter water service charges generated by them. I understand that this request to send the water bill to the Manger and a duplicated copy to Renter does not release me from any responsibility for payment of said water services, in a timely manner, and as set forth in Company's Rules and Regulations, as amended from time to time. I further understand that any late notices will be sent to Manager to the address as stated below and to Renter at the Service Address. Notice to terminate water service for non-payment will only be posted at the service address.

I, as Shareholder/Owner hereby appoint the following person or company as Manager until written notice to Company to the contrary.
